

OTAGO RBP NETWORK

SUPPORTING YOU IN BOTH BUSINESS RECOVERY AND GROWTH

Our service and support to Otago businesses is funded by two government agencies, New Zealand Trade and Enterprise and Callaghan Innovation. Here in Otago, the Regional Business Partner Network (RBP) is operated by the Otago Chamber of Commerce.

RBP Growth Advisors

Our Otago growth advisors take a birds-eye look at your whole business, then help you connect with the resources and experts so you can find the right support to recover, build capability and grow. This could include facilitating government funding and services on behalf of [New Zealand Trade and Enterprise](#) and/or [Callaghan Innovation](#), or connecting with a Business Mentor through [Business Mentors New Zealand](#).
